New Products and Features!

Nu-Calgon A/C Re-New and Rx-Acid Scavenger Connect Injects

**Part #: 4057-56 (A/C
Renew), 4301-06 (Acid
Scavenger)**

The A/C Re-New Connect Inject revitalizes and energizes air conditioning systems, quiets noisy systems, and lowers energy usage. It also aids oil return/heat transfer with R-407C and R-22 drop ins. Finally, it is OEM approved for aiding sticking valves

The Rx-Acid Scavenger Connect Inject is used for normal preventative maintenance or after compressor burnouts. It removes existing acid and prevents future acid buildup. Find both new products at your local SRC branch today.

TITAN Digital Manifold by Yellow Jacket

Part #: 40870

Southern Refrigeration now stocks the Yellow Jacket P51-870 TITAN digital manifold. This 4-valve manifold provides fast and accurate measurements for refrigeration and a/c systems. Measurements are displayed on a backlit digital display and can be transmitted via Bluetooth® to a Smartphone for further analysis.

Friedrich Portable Units

SRC now stocks Portable Units from Friedrich. These units provide four distinct functions: air conditioning, dehumidification, fan and heating (heat pump model only). It's ideal for supplemental cooling or heating. Keep units on hand for back up conditioning during outages or quick solves for cooling and heating gaps.
