Midwest Snips - Pookie Buster

Part #: MWT-PBSET01

Southern Refrigeration now stocks the Pookie Buster - a one step coated screw removal bit. This product was invented in California where they call duct mastic coating "pookie". It is designed to cut through mastic and other coatings, allowing contractors to remove sheet metal screws easily from old equipment and duct that has been coated with mastic or tar.

Klein Tools - Wifi Enabled Borescope

Part #: 69231-4

Southern Refrigeration now stocks a wifi enabled borescope from Klein Tools. This borescope is quickly connected to your smartphone using a wifi signal. The compatible Klein Tools app provides you the ability to display, record, store and share images/video.

Click the link below for more information:
